

# ZPad Plus (4G) – Series

Time Management Solution with Android OS

**FP+RFid**

**QR+RFid**

**RFid**

**ZPad Plus (4G)** is the ZKTeco's latest multi-functional data collection device, integrating Fingerprint sensor or QR and RFID module.

The device is equipped with an internal battery and a 7-inch touch screen display and features wireless communication via Wi-Fi. ZPad Plus communicates wirelessly via WiFi and provides a variety of identification and information management solutions.

ZPad Plus (4G) in combination with the **GoTime Cloud** solution, your attendance and employee data will always be available in secure Amazon servers. The users will have access to attendance events and management, being able to set different user privileges.

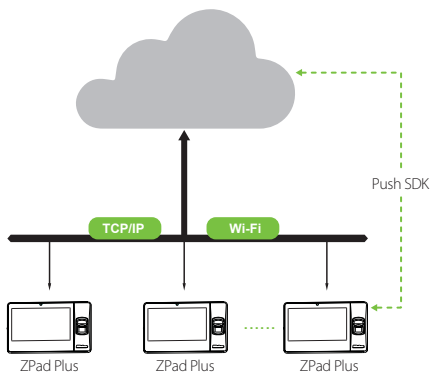

## Features

- 7" Multi-touch LCD Screen
- Multiple Events Management
- Multi-verification (Fingerprint, RFID, Password and QR)
- Equipped With Backup Battery
- Responsive interface
- Time & Attendance Management App

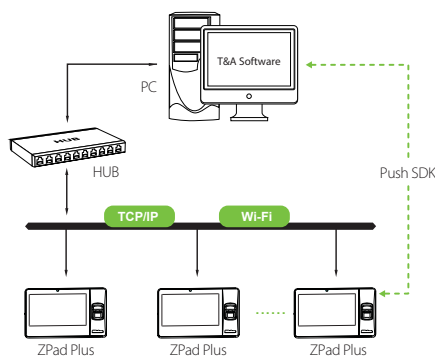

# Specifications

|                      |                                                                               |
